

ENVIRONMENTAL AND SAFETY PROGRAM

It is the Board's intent to promote a safe environment for students, employees and visitors to the schools.

To that end, each building principal shall be responsible for the supervision of a safety program for his/her school, and the Superintendent shall have overall responsibility for the safety program. General areas of emphasis shall include, but not be limited to in-service training, accident record-keeping, facilities inspection, driver and vehicle safety programs, fire prevention, traffic and parking on school grounds, and emergency procedures.

The practice of safety shall also be included in instructional programming, with attention to traffic and pedestrian safety, driver education, fire prevention, and emergency procedures, as appropriate to students at different grade levels.
