

I moved to Maine when I was seven years old and attended Augusta schools until my graduation from Cony in 1983.

We have two sons that attended Augusta schools from K through 12 and they both graduated from Cony High School.

I started volunteering my time in the schools when my oldest son started kindergarten at Farrington Elementary School. I served in many capacities over the years; room mother, field trip chaperone, PTC President, Booster President and Project Graduation Co-Chair. I truly enjoyed being part of my children's school experiences and I look forward to serving on the Augusta School Board, representing the residents of Ward 3!!
