

**AUGUSTA SCHOOL DEPARTMENT
School District Goals and Objectives**

The Board recognizes its responsibility to set goals for the efficient operation of the Augusta Public Schools. In discharging this responsibility, the Board will strive to ensure that the resources of the school district are directed toward meeting the educational needs of all students in the Augusta Public Schools.

The Board will develop annual goals based on input solicited from a variety of sources. These goals will be shared with the community, the staff, and the students. As a guideline, the Board will use the "*Professional Guide to Goal Setting*" as the template for its goals. Goals will be supported by activities, as well as by specific measurements designed to assess board goal attainment. The Board will regularly evaluate progress toward meeting the goals and provide a written assessment of goal attainment to its various publics.
