

**NEPN/NSBA CODE: ID**  
**TITLE: SCHOOL DAY**  
**AUGUSTA CODE/TITLE: SAME**

Augusta's existing policy does not appear to have been reviewed since it was adopted in 1975. We have replaced it with the current MSMA sample policy and included the appropriate legal references.

This policy defines "instructional day" and sets the length of the instructional day at the high school, middle school and elementary school levels.
