

NEPN/NSBA CODE: JICE
TITLE: STUDENT PUBLICATIONS
AUGUSTA CODE/TITLE: IGDB

Augusta's existing policy addresses both school-sponsored student publications (e.g., student newspapers, yearbooks and literary magazines) and non-school publications (materials students produce on their own and distribute at school).

We have limited this policy to student publications that are traditionally viewed as extension of the curriculum and a means of introducing students to responsible journalism and self-expression. We have included this "suggested language" for the purpose of discussion.

Non-school student publications are covered under policy KHC, Distribution of Non-School Materials, in the "K" section of the manual.
